

COLORS	N/A
SOUND	none
I/O Ports	Custom I/O port for Cassette interface (FA-3) and printer.
Media	N/A
Operating System	N/A

This page would be a little tribute to this computer, dad of all modern machines. The maximum configuration of the machine include a cassette interface (FA-3) and a little thermic printer.

Other Characteristics:

Programming language	Basic
Number of programs	Max 10 (P0... P9)
Power supply	2 x CR2032 Lithium Batteries
Power consumption	0.02 W
Weight	116g (included batteries)

Following program samples are taken from the book 'Casio PB-100: Learn as you go';.

CT-TIME	Method to fill-in totally magnetic tapes
CROSS TOTAL	Calculation of vertical and horizontal totals
SCHEDULER	A little scheduler for dates
T-LIST	Telephone directory
TIMETABLE	Timetable
GOLF GAME	Golf game, the ball is represented by numbers
SLOT GAME	Slot machine simulation
STATI-O	A statistical program
REGRESSION ANALYSIS	Regression Analysis
AAGR	Annual Average Development
BASE CONVERTER	Converter decimal <--> n base
LCM-GCM	Least common multiple, Greatest common measure
PRIME-I	Calculation of prime-i
UNIVERSAL P-CAL	Calculations of roots and powers
SL-EQ	Simultaneous Linear Equations
PI	Pi simulation program
